THE MAGIC CUBE

Press „Magic Cube“

Magic Cube is the name of a new individual piece of furniture, which features three benefits in a single design. The outwardly clean and contemporary looking cabinet arises the opportunity of three different inside arrangements. It can be used as a make-up/dressing table, as a coffee/bar cabinet or as a computer/office centre.

All three designs have a surprising array of features: The make-up table with its light-up mirror, numerous drawers, cosmetic mirror with fivefold magnification and integrated power outlet for hair drier or electric shaver provides a real haven of personal care for both men and women. The bar cabinet has an illuminated mirror, refrigerator, additional leather shelves and power outlet for a coffee machine or a mixer. Because of the extendable leather working top and shelf on the workstation you can use a notebook or a printer at an ergonomically comfortable working level. Completed by a power outlet.

The space requirement of the **Magic Cube** is every bit as astonishing as its sophisticated internal arrangements. This individual piece of furniture can unfold its entire range of functions at a dimension that is only 60 cm wide, 144 cm high and 51 cm deep. You have the choice a two different surfaces in different colour variations. High gloss lacquer in pearl-white, snow-white or black-magic colour. Alternatively oak veneer in a matt lacquered fine dark brown finish. Additional colours are available on request. The high quality interior, all in leather, as a matter of course at **YOMEI**. Two leather colours are available: choco brown or black. The metal frame is from stainless steel, polished finish.

The leather upholstered **Squat** stool is a useful additional item to the **Magic Cube**, available with the same leather colours and frame in stainless steel.

THE MAGIC DESK

Press „Magic Desk“

Magic Desk is the innovative interpretation of the classic writing table. Small in size but big in design and function. Brilliant details: the various functionalities around the fine leather worktop are cleverly concealed. All hinges made of stainless steel are integrated in the metal frame carefully and with great precision. A superb combination of craftsmanship and beauty! The well balanced proportions of the metal table sides exude elegance and meditative calm. Awarded with **RED DOT Design Award**. An invitation to work.

For the surface of the worktop there is a choice of three different leather colours: black, white or chocolate brown. Alternatively oak veneer in a fine dark brown finish, matt lacquered. Leather drawers in black or brown colour. The metal frame and the sides are available in stainless steel polished or brushed finish. The dimensions (W x H x D) are only 111 x 80 x 40.5 cm, writing height 70 cm.

Cable accessory is available in addition. This includes a cable bowl, an outlet, a cable with a channel through the legs and a printer tray. This makes it easy to work with a laptop or a printer on the the **Magic Desk**. To have the right seating accommodation on the writing table there is the **Squat** leather upholstered stool with stainless steel frame available. Leather colours are matching to the **Magic Desk**. Altogether a complete unit.
